

Hello! We appreciate your interest in MVRC! We wanted to give you an update on the rowing club amid COVID-19. There are two important pieces of information we want to convey to you.

The first is this, practice has always followed the school schedule. In light of Governor Wolf's school closing, there will be no team practices for the remainder of the season for the Juniors program.

As a response to this mandate, the board has decided to offer FREE summer rowing camps to all 8th-11th grade students. The dates and times of the camp have yet to be determined until we hear more on when the COVID-19 restrictions will be lifted, but we are committed to offering the rowing camps as soon as we can to get every rower on the water in a boat by the end of that camp week. Passing a swim test will be required before getting on the water.

In the meantime, for those who have been on the team for the Spring semester, Coach Emma will continue to send at-home work outs through the end of May. We also would like to offer you an erg for you to continue to workout through the Spring semester. The ergs must be returned by May 31.

For the adult rowing program, we are leaving everything in place in terms of registration and start date. We are monitoring the Covid-19 situation and will make adjustments to the adult rowing program if needed at a later date.
